R	2007	20		ZJ	2025	23o	77

¹ The dating system used at Urkesh/Tell Mozan for files onto the server is structured as follows:

1. **first slot**: capital letter corresponding to dates (= Z) + capital letter for the year (e.g., 2023 = H; 2024 = I);
2. **second slot**: number of the month (one digit):
 - from January to September: 1 up to 9;
 - from October to December: x = October; y = November; z = December;
3. **third slot**: day (two digits).

Here two examples are offered:

- December 1, 2023 → **ZHz01**;
- January 15, 2024 → **ZI115**.
