

## **Late Chalcolithic 3 Ceramic Categories**

### ***Coarse Ware (LCH)***

#### **JARS**

**Jars with Rounded Rim** (may also be casseroles but rest of shape unclear in these rims)

jir jars with rounded rim

#### **Jars with Squared Rim**

jev jars with squared rim on exterior edge, slightly restricted rim

#### **Hole Mouth Jars**

jhs hole mouth jars with simple rim

jhsh hole mouth jar with simple rim and horseshoe shaped handle on upper part of exterior

jho hole mouth jars with outturned rim (may also be casseroles but rest of shape unclear in these rims)

#### **Jars with Upper Wall Angled toward the exterior**

jaw jars with upper wall angled toward the exterior

#### **Small Jars**

jss small jars with pointed rim slanted toward the exterior

jsd small jars with slight interior extension (cooking vessel)

#### **Jars with Restricted Neck**

jrj jars with restricted neck and pointed rim

jrj jars with restricted neck with wide flat rim (not illustrated)

jrj jars with restricted neck with rim slanted toward the interior

jrr jars with restricted neck with corrugation on the interior of the neck (not illustrated)

jrg jars with restricted neck with wide grooves on the interior of the neck (not illustrated)

### **Other Jars**

jip jars with internal projection to hold lid

jfr jars with rim flat on top and rounded on exterior (not illustrated)

### **Bowls**

#### **Hammer Rim Bowls**

bhs hammer rim bowls with slight exterior extension

bhd hammer rim bowls with divided rim

bhe hammer rim bowls with extended rim

#### **Other Bowls**

bom open bowl with simple rim (not illustrated)

boi bowl with slightly inturned rim

bod bowl with slight depression on top of rim (not illustrated)

bop bowls with pointed rim slanted toward the interior

bos straight sided bowls with pointed rim (not illustrated)

bog Coba bowls with pointed rim and slight s-curve of upper body

bob Coba bowls with simple rim

#### **Carinated Bowls**

bcs carinated bowl with slanted rim with slight depression in center

bcm carinated bowls with simple rim

### **Round Sided Bowls**

brs round sided bowls with simple rim (not illustrated)

brc round sided bowls with curved upper body

brr round sided bowls with slight depression on top of rim (not illustrated)

### **Straight Sided Bowls (not illustrated)**

### **Plates and Platters**

ple platters with interior lip

pls platters with simple rim

pla plates with simple rim

plf plate or platter with flat rim (not illustrated)

### **Casseroles**

car casseroles with rounded carination

cap casseroles with sharp carination and curved upper vessel wall

### ***Fine Ware (LCF)***

#### **Jars**

jff jars with flaring rim

jrs jars with restricted neck and simple rim

#### **Bowls**

bcs carinated bowls with sharp carination

## **Cups**

oc other cups

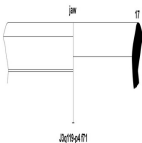

cc conical cups

## **Other Shapes**

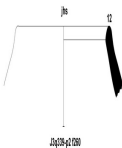

os spout (not illustrated)

Coarse Jars (LCH)

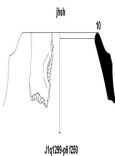

Jars with upper wall angled toward the exterior

Hole mouth jars with simple rim

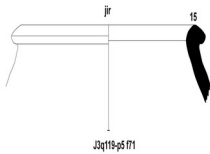

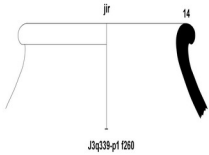

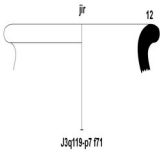

Hole mouth jars with horseshoe shaped handle

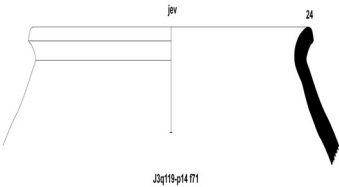

Coarse Jars (LCH)

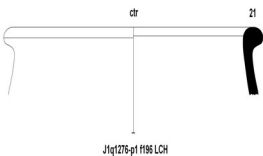

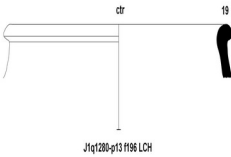

Jars with rounded rim (may also be casseroles)

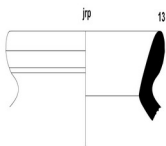

Jars with squared rim

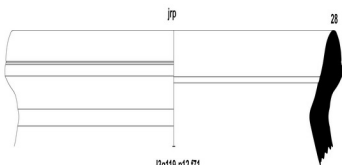

Casseroles with thickened rim
